

## Call for videos on “The Role of Cognitive and Intelligent Technologies in COVID-19 Pandemic”

TCCN Technical Committee

The outbreak of COVID-19 has unfortunately spread all over the world and changed the way we live. There is no doubt that the coronavirus pandemic will go down in history as one of the challenges humanity has ever faced. We are interested in receiving videos for either specialized audiences or the general public the various applications of cognitive and intelligent technologies in the fight against COVID-19 and the role of the cognitive technologies research in this battle. We would like to promote and advertise what IEEE ComSoc members are doing in this regard.

### Submission instructions

Please send an email to [mayuan@szu.edu.cn](mailto:mayuan@szu.edu.cn)- subject “TCCN ComSoc COVID19 video series” - with the following information:

- Author(s) name(s) and affiliation(s)
- A brief summary of the content of your video (no more than 200 words)
- The IEEE ComSoc member number of at least one of the authors
- A link to your video

The email address [mayuan@szu.edu.cn](mailto:mayuan@szu.edu.cn) has been configured to request a positive confirmation. Upon sending your message you will be asked to confirm by clicking on a link.

Videos can be submitted anytime during the year. They will be reviewed by an editorial board appointed by the ComSoc Online Content Board and, if considered to be of enough quality and rigor, they will be edited - if needed - and published in ComSoc video channels. The consent form to be signed allowing IEEE ComSoc to edit and publicly show the video will be forwarded to the authors upon receiving and screening the content.

The editors from TCCN for this video series are Daniel B. da Costa ([danielbcosta@ieee.org](mailto:danielbcosta@ieee.org)) and Yuan Ma ([mayuan@szu.edu.cn](mailto:mayuan@szu.edu.cn))
